introduction (3) Report/speech.

4. Video Submission :

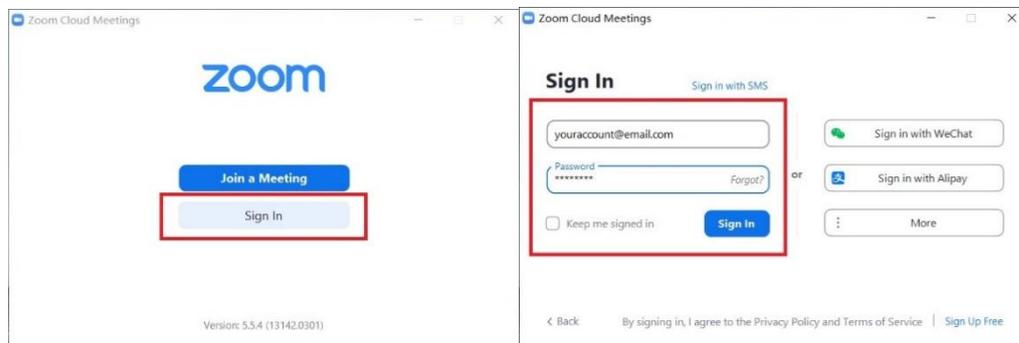

- 1) Please upload the video and your PowerPoint to a cloud storage (such as Drop-box) and copy the share link (and password if applicable).
- 2) Go to the registration website of ICME-14 at reg.icme14.org/login. Log into your account.
- 3) Click the “I want to share my video” box under the “To Submit” category.
- 4) Paste the share link (and password) to the text box and click “Update video info”.

Note: the PowerPoint will only be used for video editing (ex. Adjusting the size and proportion of the PowerPoint in the whole picture)

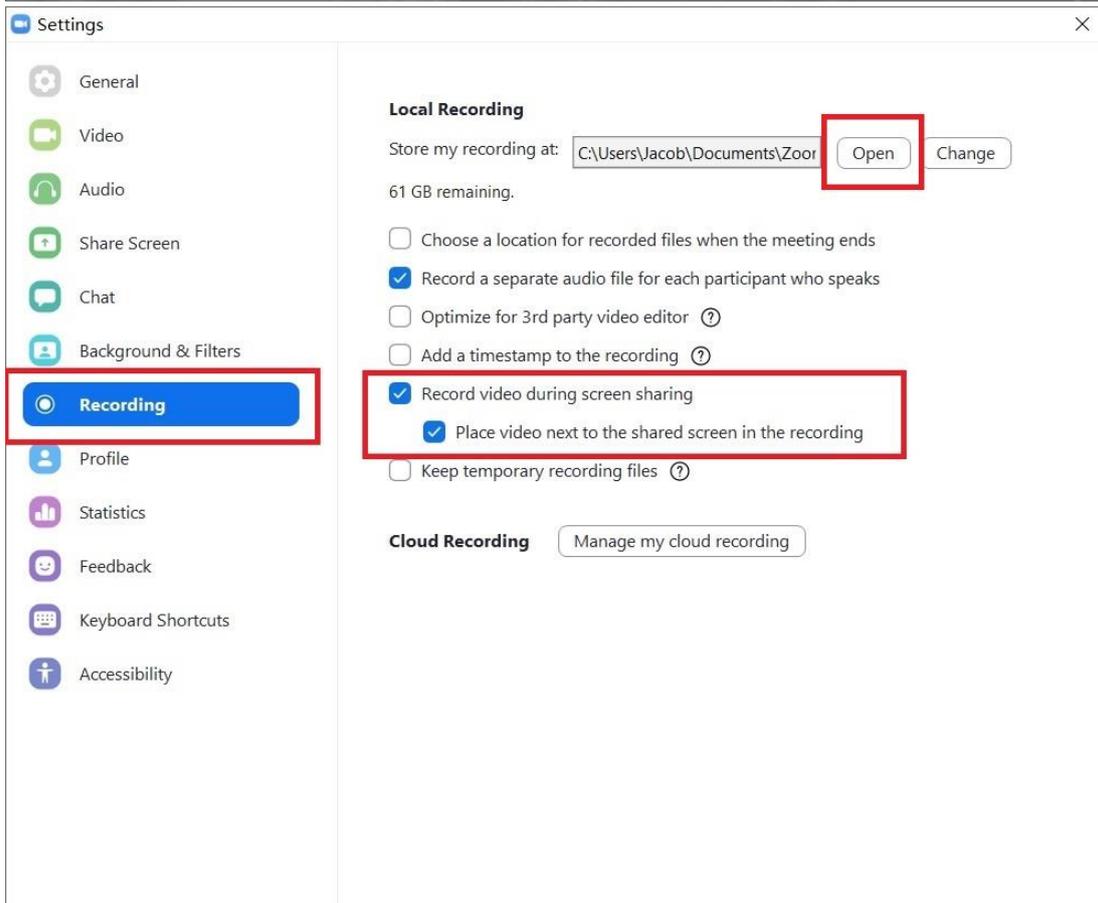

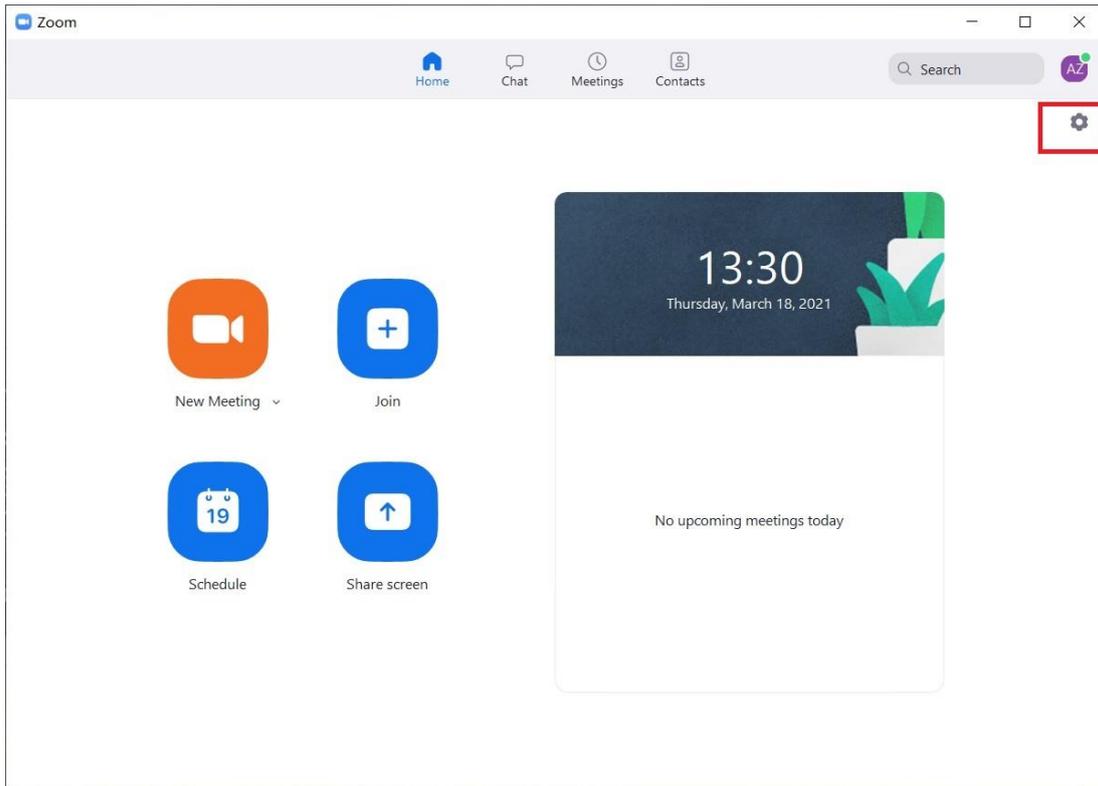

For more assistance, please contact service@icme14.org

5. Guidelines for Zoom

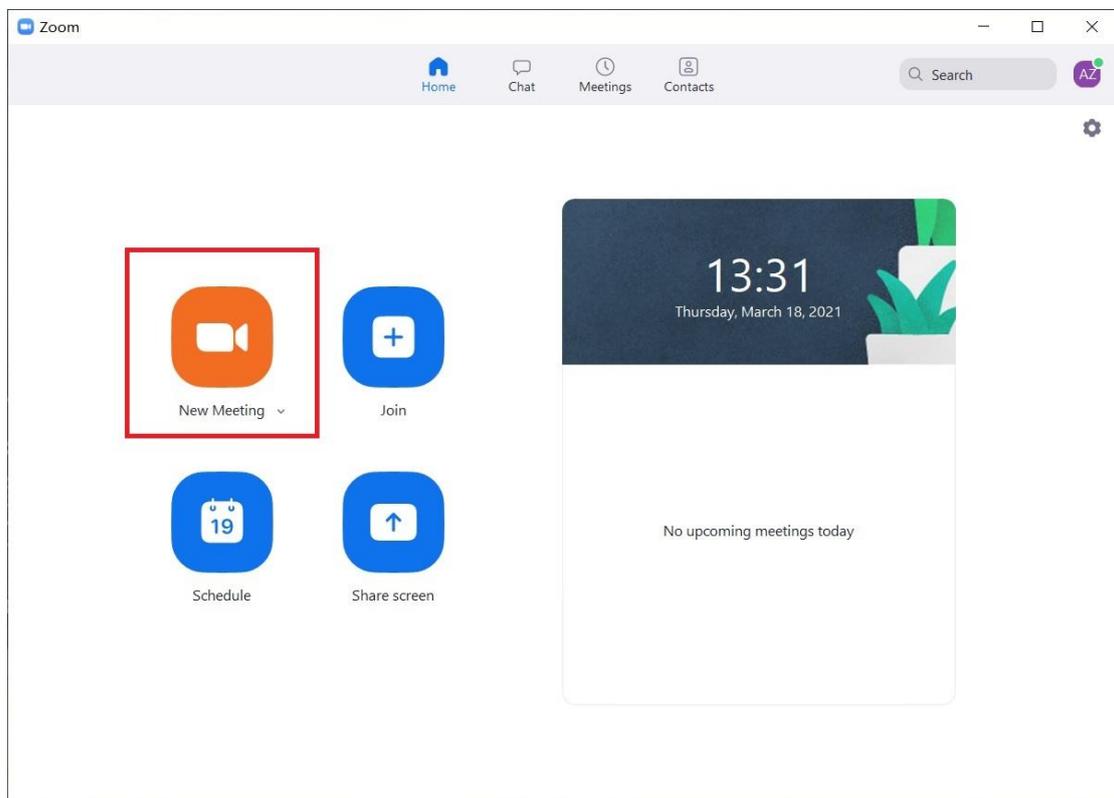

- 1) Start Zoom and sign in.

- 2) Before you record, please click the gear icon and make sure “Record video during screen sharing” and “Place video next to the shared screen in the recording” boxes are selected in your settings. Please also click “Open” and choose where you would like to store this video. You can also find your local recordings here.

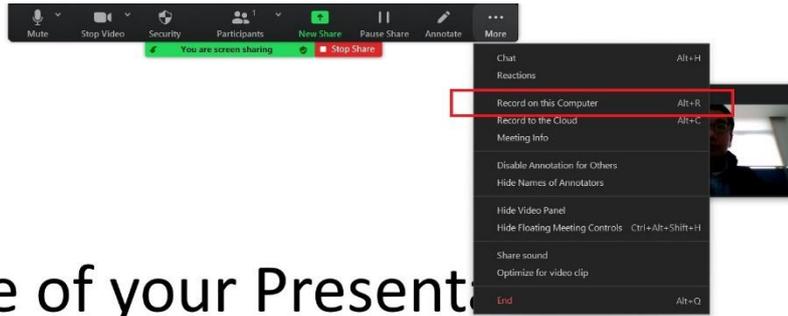

- 3) To start recording, open your PowerPoint slide for your presentation, then click “New Meeting” in Zoom.

- 4) Click “Share screen” and choose your slide, then display your slide to full screen. After that come back to Zoom.

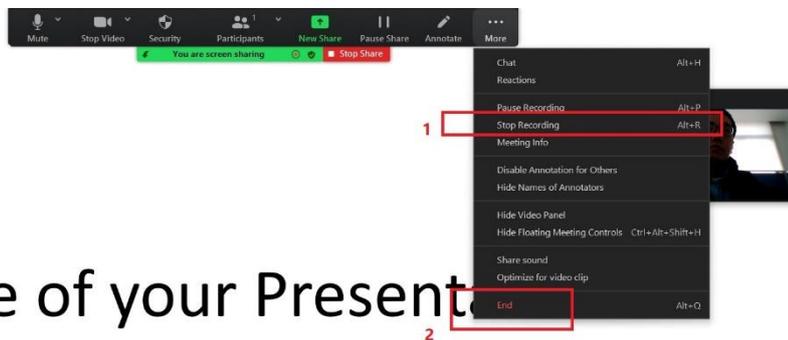

- 5) Move your mouse upwards to call out the menu and click “More” - “Record on this computer”, and then start your presentation.

Title of your Presentation

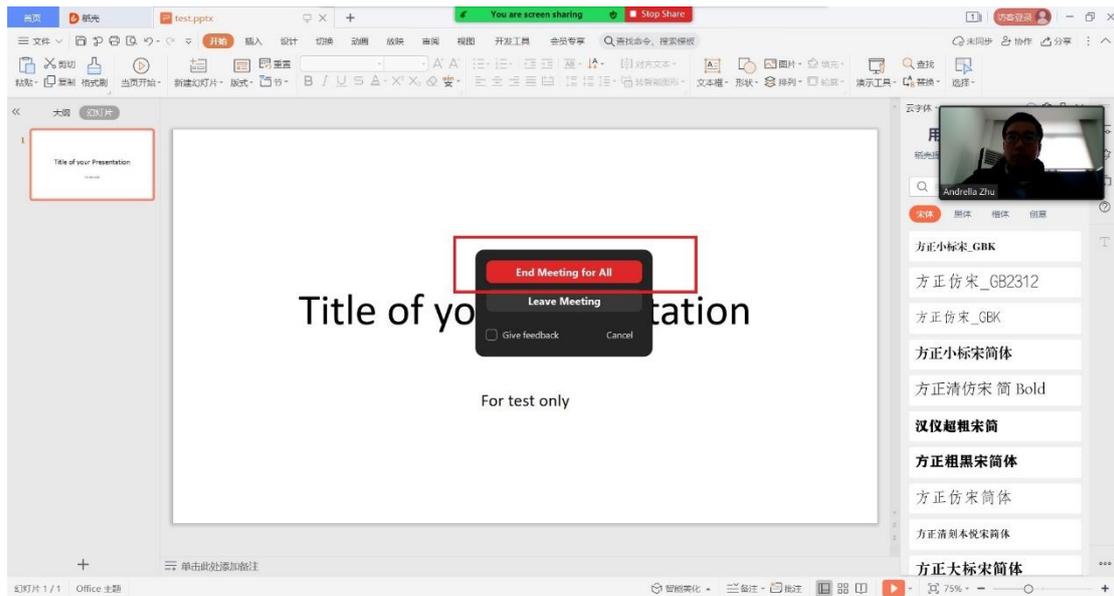

For test only

- 6) When finishing your presentation, move your mouse upwards again to call out the menu, first click “More” – “Stop Recording”, then click “End”, then “End Meeting for all”.

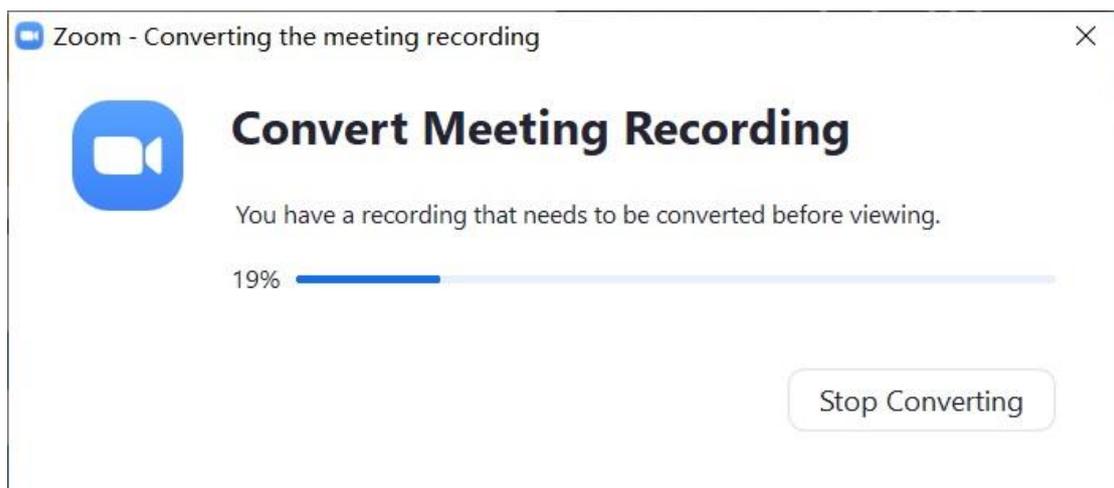

Title of your Presentation

For test only

7) Zoom will start converting your recording and will open it when finished.

8) Find the recording and rename it before submission.
